## Final Programme

### Meet ENCITE experts at the ECR 2011 **ENCITE - Visualisation of cell therapy meets clinical application**

**Date:** Sunday, 6 March 2010, 08:30 – 10:00 hrs  
**Place:** ECR 2011, Room Z, Austria Centre Vienna/AT

The European Network of Cell Imaging and Tracking Expertise (ENCITE) is proud to present cutting-edge developments of novel cell therapies pointing to clinical applications.

Within the European community of cell imaging, this advance is of specific interest as, according to the recent developments, novel imaging tools are absolutely pre-requisite for the understanding of therapeutic effects to patients. Three fine examples of the visualisation of cell therapy will show promising results.

**Moderator:**

Prof. Gabriel Krestin, Scientific Co-ordinator, Erasmus, Rotterdam/NL

**ENCITE – A translational approach for novel cell therapy applications**

Prof. Silvio Aime, University of Torino/IT

**Visualising transplanted neural stem cells and tissue regeneration by MRI**

Prof. Mike Modo, Kings College London/UK

**Imaging dendritic cell vaccinations in melanoma patients**

Dr. Mangala Srinivas, Radboud University Nijmegen/NL

**Monitoring of SPIO labelled pancreatic islets in human liver by MRI**

Prof. Milan Hajek / Dr. Daniel Jirak, Institute for Clinical and Experimental Medicine, Prague/CZ

Discussion and exchange
